FAQ's

- **How do I get started?**

- **For New Students:** Click on New Student Link and follow the prompts.

<https://registration.powerschool.com/family/gosnap.aspx?action=24197&culture=en>

- **For Returning Students:** Click on Returning Student Link and follow the prompts.

<https://registration.powerschool.com/family/gosnap.aspx?action=24199&culture=en> .

Enter your student's snapcode: (will be a 15 numeric/alpha code) that was emailed to you if you have an email address in PowerSchool. If no email on file, then a letter was mailed to you with your child's snapcode.

- **What's a snapcode?**

By using the link in this email, you are automatically entering your child's snapcode. The snapcode is like a key to your child's Returning Student Registration for the upcoming school year. You should receive a unique snapcode or snapcode link for each child. New students is automatically generated.

- **Should I create an account?**

- If you've never completed an online Returning Student Registration, you should create an account. This allows you to securely save your work and come back later if necessary. You can use your email address or cell phone number.

- If you already have an account, you can sign in and complete the form. (You should use the same account to complete forms for multiple children.)

- **Do I have to answer all the questions?**

- No, but some questions are marked "Required" and must be answered before you can submit your form.

FAQ's

- **What if I make a mistake?**
 - If you would like to make a change, select the underlined field or choose “Prev” to return to a previous page.
- **I've completed the form, now what?**

When you have finished entering your information, select “Submit.” This will send all the information you've entered to the school. If you cannot select this button, you will need to make sure that you have answered all required questions.
- **What if I have more than one student in the district?**

Do I need to do this for each child? Yes, because you'll need to provide information that is specific for each child. We recommend that you submit one Returning Student Registration and then start another – this will allow you to “snap over” shared family information, which will save you time.
- **I don't know what a question is asking.**

You can contact Bernalillo schools or email them to ask any general questions about the form or the Returning Student Registration process. [Click Here](#)
